Report of Principal and School Improvement Council

William S. Hall houses a Richland County School District One school program operated on State Mental Health Hospital grounds. The school program serves students who have been hospitalized for psychiatric/emotional problems and substance abuse.

Our staff and students were pleased this year that our library facilities were restored and a variety of new books and reference materials were added to our collection. There was a continuation of the NovaNet program, which focused on helping students improve basic skills and accelerate content area skills so that they could be more successful in their core courses. Combining the NovaNet program with the behavior and academic rubrics implemented and measured in the classrooms, teachers noted that classroom participation and grades improved throughout the year based upon student measures of previous academic years. Although our student body is constantly changing and students who are taught by our teachers are rarely here long enough to be tested by them, we are experiencing many student successes designated in our school improvement plan. Students are exhibiting less disruptive behavior in the classroom and are able to have more “seat” time in the classroom; improving the probability that they are receiving more instruction on a consistent basis. The Hospital and School staff have developed specific partnerships which are helping all caregivers express more consistent expectations and helping students develop more effective coping skills and consequently, more productively utilize cognitive functioning as learners in the classrooms.

Staff development continues to be a vital part of our efforts. We must continue to find ways to meet the academic needs of students as they navigate through crises and stressful periods of their lives. If we cannot successfully meet that challenge, students will lose valuable learning times as they move toward wellness.

Through the assistance of our district and our staff development planning committee, we are constantly striving to stay abreast of best practices and emerging trends.

School Adequate Yearly Progress

NO

This school met 0 out of 5 objectives. The objectives included student performance, graduation rate or student attendance, and participation in the state testing program.

* Definition: As required by the United States Department of Education, Adequate Yearly Progress specifies that the statewide target is met for "All Students" and for the following subgroups: Racial/Ethnic, Subsidized Meals, Disability, and Limited English Proficiency in the areas of English/Language Arts and Mathematics, as well as meeting the statewide target for "All Students" for attendance or graduation rate.

School Improvement Status

N/A

School Improvement Key

NI	Newly Identified-The school missed adequate yearly progress (AYP) for two years. Sanction: Offer school choice.
CSI	Continuing School Improvement-The school missed AYP for three years. Sanctions: Continue school choice and implement supplemental services.
CA	Corrective Action-The school missed AYP for four years. Sanction: Continue school choice and supplemental services. The school district takes a corrective action.
RP	Plan to Restructure-Sanctions: Continue school choice and supplemental services. Develop a plan to restructure. If the school misses AYP the next year, the school implements the restructuring plan.
R	Restructure-The school missed AYP after two years of corrective action. Sanction: Implement the restructuring plan.
DELAY	The school met AYP in all subgroups and the indicator for one year, thus the delay provision applies. The school remains in the same status as last year and is referred to as in "Delay."
HOLD	The school made progress for one year in the subject area that identified the school for school improvement. The school remains in the same status as last year and is referred to as in "Hold."
